

Welfare Products Brochure

**UPDATED WITH
NEW PRODUCTS**

Welfare Products

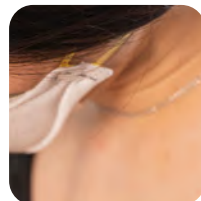

Premier Paper are one of the UK's leading suppliers of print substrates, packaging, envelopes and display graphics. We work closely with our suppliers and customers to ensure that our product portfolio matches the markets' requirements; at Premier we pride ourselves on our ability to offer a wide choice of products and a Premier Service.

Keep Safe with our Welfare Product Range

The Welfare Range of products from Premier Paper is the latest development that ensures organisations can continue to function, even in the midst of a crisis, operating as safe and as hygienic as possible.

Now more than ever hygienic, safe and sensible practices are vital in ensuring everyone's wellbeing; from visors to sneeze-screens, hand sanitisers to stations, our welfare range of products has been carefully selected to help you achieve just that.

For more information or prices please contact your local Premier Paper branch or alternatively email welfare@paper.co.uk with your requirements and we will be happy to help in any way that we can.

SurSol Hand Sanitiser

Suitable for use on the whole family and anyone with sensitive skin, this powerful, water-based spray is alcohol-free yet kills germs and bacteria within seconds.

Any bacteria that comes into contact with the skin within four hours of use will also be eradicated. Formulated with active ingredients that comply with the EN 1276 and EN 14476 testing standards, SurSol Alcohol-Free Hand Sanitiser Spray is a powerful formulation designed to eliminate 99.8% of bacteria and viruses. It is vegan-friendly and certified cruelty-free so not only can you help to prevent the spread of illness and protect yourself and your family; you can do so with a clear conscience.

Sterlix Hand Sanitiser Gel

Sterlix Hand Sanitiser Gel has an instant dry formula with a minimum of 70% alcohol content for a fast effective way to give long lasting protection against germs and bacteria.

Sterlix Hand Sanitiser Gel is supplied in pump action bottles; fast, effective and easy to use apply with minimal contact.

Medi Sanitize

Manufactured in the UK, Medi Sanitize is the hand sanitising gel with an advanced, quick drying formula.

No water needed, Medi Sanitize is fast and effective at dealing with 99.99% of germs and has a minimum of 70% alcohol content.

5l Hand Sanitiser Refill Bottles

Same effective hand sanitiser gel, bigger 5 litre bottle size – perfect for refilling smaller bottles on site.

Advanced quick drying formula with a minimum of 70% alcohol content.

Essential Alcohol Hand Sanitiser

Prevent the spread of bacteria and infections with Essential Alcohol Hand Sanitiser, an alcohol based (minimum 72.5% alcohol content) instant hand sanitiser gel.

Effective and easy to use, Essential Alcohol Hand Sanitiser can be applied to clean, dry hands to help protect from germs.

Ideally placed in receptions or entrances, Essential Alcohol Hand Sanitiser, is perfect for ensuring your high levels of hygiene are maintained.

Konix Hand Sanitiser Gel

An antimicrobial hand sanitiser gel in a handy 50ml size.

Effective, fast and easy to use, Konix Hand Sanitiser Gel contains a minimum of 65% alcohol to help protect hands from germs and to ensure that high levels of hygiene are maintained.

Disinfectant Wipes

Keep your surfaces clean with our alcohol-free disinfecting wet wipes that kill 99.9% of most common germs.

Safe Surface Disinfectant Aerosol

Safe Surface Disinfectant Aerosol contains active biocides and is specifically designed for the cleansing and disinfecting of hard and soft surfaces as well as being tested and proven for use on skin.

Safe Surface sanitiser spray is a revolutionary mist spray with fogging technology designed to sanitise and disinfect difficult to reach and intricate areas with full surface coverage.

This product is fast and effective at dealing with an extensive list of bacteria, viruses, fungi and moulds as well as Coronavirus and Type A Influenza viruses such as Swine Flu, Chinese and Japanese Flu strains and SARS.

Guard 80

Guard 80 is the alcohol based, fast drying surface cleaner spray that leaves sanitises surfaces and leaves a pleasant odour.

Guard 80 is perfect for industrial and commercial operations.

Fogging Machine

This handheld portable unit can be used in a range of different environments - spanning from small areas to large and even outdoors.

It is of vital use in the fight against infection and can offer a truly unique sanitisation solution wherever it is used.

Liquid sanitiser is atomised to create a very fine fog which binds to surfaces to disinfect on contact, treating up to 20m per minute.

Available with 12 month warranty.

FFP2 (N95) Surgical Grade Face Masks

FFP2 (N95) Surgical Grade Face Masks are high grade filtering masks that are designed to protect the respiratory system.

3-Ply (Type 1) Face Masks

Our disposable, breathable face masks are comprised of three layers for effective protection and are soft on the skin for added comfort.

Full Face Plastic Visors

Our Full Face Plastic Visors are produced to the exact same specification as used by the NHS. Each visor is manufactured with a latex-free foam headband, anti-mist clear visor screen and an elasticated closure for a snug, comfortable fit.

Personalised visors are also available, contact Premier for more information.

Nitrile Gloves

Our blue Nitrile gloves are latex-free, powder-free and offer effective protection from infectious substances and germs. The Nitrile gloves are certified to EN374 – 2/3 standard and available in medium and large sizes.

Social Distancing Tape

Our 48mm x 33m, white laminated Social Distancing Tape is printed yellow/black and is perfect for marking out spaces on flooring in public areas (internal use only), to help keep everyone safe.

Available in two eye catching designs.

Black & Yellow Hazard Tape

Our high visibility, Black & Yellow Hazard Tape is available in 48mm x 33m and 48mm x 66m and has an excellent adhesive bond for use on internal surface; ideal for marking safe areas, hazards and walkways.

Black & yellow, waterproof cloth, hazard tape now available (sized 50mm x 30m).

Sneeze Screens

Protect yourself and others with our free standing sneeze screens.

Produced using wipeable, easy-to-clean 6mm thick, clear Perspex, these sneeze screens are perfect for office environments and are available from Premier in the following sizes:

- 700mm x 600mm – 4 screens per pack
- 1400mm x 600mm – 2 screens per pack

Additional sizes also available.

Eco-Safeboard Screens

A portable & versatile, cost effective screen solution to help keep your workplace 'covid secure'.

- 100% recyclable, made from corrugated material with clear PVC window
- Can be used portrait or landscape, on a desk, freestanding or hanging from the ceiling
- Available in 5 designs: Gold, Steel, Wood, Stone and White
- Bespoke printing available

Employee Protection Shield

These free standing, double wall, cardboard protection shields are 1950 x 645mm with a 500mm wide base.

Employee protection shields are perfect for production lines and areas that are tight on space.

Sanitisation Pods

A selection of sanitisation systems that help to block the spread of infection and disease; perfect for use in retail, schools, workshops and showrooms.

Foot Operated Sanitising Stations

Simple, effective and easy to use; our Foot Operated Sanitising Stations allow for the dispensing of hand sanitiser without the need to touch by hand – reducing the spread of germs, bacteria and infections.

Please note these units are not supplied with soap dispenser bottles. Each station is designed to accommodate dispenser bottles of various sizes (45mm-100mm diameter, 115mm-268mm height including plunger).

Hand Sanitising Stations

Helps to promote staff and visitor hygiene before entering the workplace with our free-standing Hand Sanitising Station.

Produced using EB flute, double wall corrugated our Hand Sanitising Stations are 1420mm x 400mm x 320mm (with a 120mm x 310mm shelf) and are supplied flat packed.

Portawash all-in-one Handwash Stations

Our self-contained units, require no plumbing or electrics and can be installed anywhere. Giving you everything you need to maintain hygiene anywhere at any time.

Portawash 5 - wall/door mounted handwash unit

- Slimline, lightweight aluminium composite construction makes it ideal for the back of vans.
- Self-contained unit, holds 5 litres of fresh water with an optional attachment to collect up to 5 litres of grey water.
- Fully assembled, your unit can be fixed to the rear doors of your van, or to sidewalls/existing racking in the vehicle.
- Dimensions 483 x 660 x 148mm (W x H x D)
- The product comes fully assembled ready to install.

Portawash all-in-one Handwash Stations

Our self-contained units, require no plumbing or electrics and can be installed anywhere. Giving you everything you need to maintain hygiene anywhere at any time.

Portawash 45 - floorstanding handwash unit

- Slimline and lightweight, ideal for using in vans or trucks or freestanding, taking up minimum floor space.
- Self-contained unit, holds 45 litres of fresh water, giving 90 x 20 second hand washes with a foot operated tap.
- Unit includes Soap dispenser, Paper towel dispenser and bin.
- Fully assembled, the unit can be fixed to existing strapping points, or fixed to your van side walls.
- Durable construction to with-stand heavy use.
- Dimensions 720 x 1320 x 220mm (W x H x D)
- The product comes fully assembled with the consumables as separate components, ready to install.

Welfare Testing Station

Designed to enable factories, logistics supply chains and e-commerce companies to test staff for fevers before they enter the workplace

Test staff at a safe distance with screen protection

Very quick and simple to deploy and are also portable. They are designed to be used in conjunction with infrared forehead thermometers.

This is a very simple welfare provision to enable companies who are continuing to operate as key workers to take a precautionary step every day, in taking the temperatures of their staff before they start their shift.

Infrared Forehead Thermometers

Sold separately in single units, infrared forehead thermometers enable the testing of staff or visitors at a safe distance.

Significant changes to body temperature can be an early warning sign of being unwell.
