

CKB Carrier

For food safe packaging applications where increased burst strength and tear resistance are required.

BOARD PROFILE

PRODUCT INFORMATION

CKB Carrier is a multilayer kraft back board featuring a white top side and a brown reverse side. CKB Carrier offers increased tear resistance, bending stiffness, and impressive tensile and burst strength. These features provide the protection required to meet the challenges of wet-strength food packaging.

Produced by Stora Enso at their Imatra mill in Finland, CKB Carrier is produced using 100% pure virgin fibre from responsibly managed forests, offered from stock as both FSC and carbon captured.

PROCESS SUITABILITY

Litho, flexo, rotogravure and digital printing (subject to trials), embossing & hot foil stamping.

TYPICAL USES

- **PACKAGING** wet strength food packaging, drinks carrier, multi carrier packs, heavy goods and large item packaging, single-use plastic alternative.

SPECIFICATION

	Microns	g/m ²	Stiffness mN.m MD	Stiffness mN.m CD
	400	270	25.3	12.5
	455	300	38.3	18.7
	510	330	51.9	23.8
	560	360	64.6	32.3
	575	380	72.3	37.4
Tolerance	+/- 5%	+/- 4%	-15%	-15%
