

HP Everyday

PRODUCT INFORMATION

Recommended for home and commercial use, the HP paper line is the ideal brand for high quality printing. Made using ColorLok® Technology, an innovation that came out of the partnership between International Paper and Hewlett-Packard, it produces quick-drying documents with more vibrant colours and more intense blacks, with less risk of smearing. All HP papers are produced with 100% raw material from sustainably managed forests. The HP papers range gets it right the first time.
