

## Business Continuity Statement

Premier Paper Group Ltd has in place a robust and comprehensive Business Continuity Plan designed to enhance resilience and promote swift effective recovery following a major incident.

The objective of the Premier Paper Group's Business Continuity Plan is to ensure that in the event of a major failure to our key systems or processes caused by a man-made event or natural disaster, our critical business activities continue to operate as effectively as possible until normality can be reestablished.

Premier Paper Group plans to recover quickly and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operations assessment, protecting the companies' books and records, and allowing our customers to continue to transact business with us.

The Business Continuity Plan addresses in detail the response by the Crisis Management Team to: data backup and recovery; all mission critical systems: financial and operational assessments; alternative communications with customers and employees and alternate physical location of employees. Responsibility for the Business Continuity Plan is with the Managing Director of Premier Paper Group Ltd.
