

# Machine Coated Gloss Opaque

## PRODUCT INFORMATION

The opaque coating is designed to prevent “show through” and is extremely effective for product over labelling and electronic scanning requirements. It is a high resolution standard gloss label used to block-out existing printed information.

**SUGGESTED USES** ● Prices ● Shipping labels ● Medical information ● Reduced / Discounts labels

## PROCESS SUITABILITY

Suitable for printing on all types of flexo and letterpress systems, conventional and UV offset, screen printing, hot stamping and thermal transfer. It can be printed in laser and dry toner.
