

ESKA

Eskaboard® Greyboard

Lays Flat, Stays Flat.

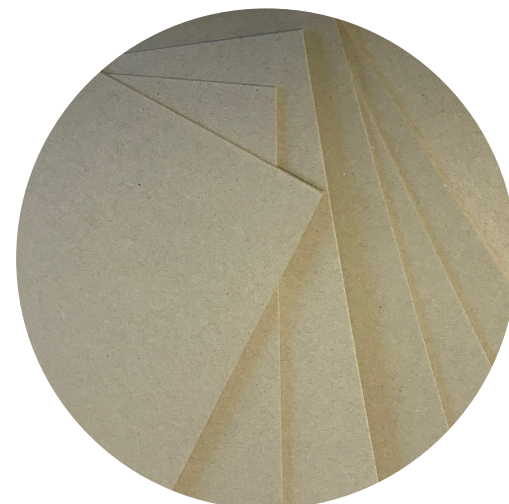

PRODUCT INFORMATION

Eskaboard® Greyboard is a reliable board with its exceptional flatness, bulk and rigidity. It's perfect for stiffener boards, folders and other applications where a sturdy, durable board is required. Eska Greyboard preserves its integrity through processing, guaranteeing an immaculate final product.

SUGGESTED USES ● Plain cartons ● Stiffener board
● Jigsaw puzzles ● POS displays ● Book covers

PROCESS SUITABILITY

Eska Greyboard is highly suitable for various processing techniques due to its inherent properties, including excellent flatness, stiffness and smooth surface. It can be easily cut, creased, scored, milled, punched, drilled and embossed or debossed, making it versatile for a range of applications.
