

Navigator is one of the most popular and trusted office papers in the market. It's constructed from Eucalyptus globulus pulp, which gives the paper excellent smoothness, bulk, rigidity and dimensional stability.

Along with high whiteness and opacity, it adds up to high-quality paper that looks good, feels good, and delivers exceptionally reliable printing.

Navigator's portfolio offers a broad range of products, so whatever your needs, Navigator has options to meet it.

Process suitability

Copier • Inkjet • Laser printing

Suggested Uses

Navigator Eco-Logical (75gsm): Everyday office use, internal memos

Navigator Universal/Navigator Organizer (80gsm): Daily office use, internal documentation and reports, high-volume printing

Navigator Expression (90gsm): Client-facing documents including black and white reports, data tables and presentations

Navigator Presentation (100gsm): Higher-quality client-facing documents, including colour reports, presentations, newsletters, statements and mailers

Navigator Colour Documents (120gsm): Full-colour, high-resolution premium documents and print media, including flyers, brochures, and posters
